

# SPIROLL - ROPE PROTECTION

Spiroll - Rope protection. Keep your mooring lines and boat safe. Spiroll – Rope protection is designed in the United States for rock climbers. The material takes up wear and tear from rocks and concrete docks etc. When you put Spiroll – Rope protection in the mooring cleat you will also reduce the noise.

Wrap the Spiroll – Rope protection around the rope, adjust it to the right location so that the boat and the mooring lines are protected. The cover is made of durable polyurethane that is both UV-resistant and soft. Spiroll – Rope protection are designed with a special unique technology that allows the material to automatically roll up itself several times around the rope. Secure and stable. No additional fastening is required. Made in the USA.

- Easy to install and remove
- Extends the life of your ropes/lines
- Two sizes
- Resistant to UV light and salt water

## PRODUCT INFORMATION

**Material:** Polyurethane   
**Colour:** Black and orange
